Cut and Sew the Blocks:

Accurate ¼" inch seams are a MUST on this quilt. Pin and tug a little as you go to make your seams nest. The Sashing rectangles do not have to be perfect. A little wonky makes the quilt more fun!

1. Unroll and lay out all strips in one Design Roll of Ty Pennington Impressions - Fall 2012. For this quilt, 8 pairs of strips are needed. Look at the Quilt photo. Think of the 10 Four-Square units with lime Sashing in the upper left-hand corner. Call this Color Combo One. Each new Color Combo is added diagonally from this corner. In the Design Rolls, some fabrics have two strips of each design. Select these color combinations for the longest diagonal areas in the quilt.
2. Cut 2 ½" squares from the 2 ½" wide strips for the Four-Square blocks. Lay out each Color Combo Four-Square as shown. Using ¼" seams, stitch 2) squares - one light and one dark together to make a row. Repeat to make 2) rows. Stitch rows together to create a Four-Square unit. Press as shown. Figure 1.

Note: The ¼" seam is measured from the points on the pinked edges of the fabric. Make the number of Four-Square units for each Color Combo in the chart at the top of this page.

Four-Square's needed for each Color Combo:

Color Combo One	10
Color Combo Two	11
Color Combo Three	15
Color Combo Four	19
Color Combo Five	17
Color Combo Six	13
Color Combo Seven	9
Color Combo Eight	6

A total of 100 Four-Square units will be needed to complete this quilt.

Lay out the Four-Square units in the pattern of the Quilt-Top as you sew.

Cut and Sew the Sashing:

3. Unroll the Free Spirit Design Roll of Bold Solids. Use the chart we've created or decide on the best solid colors to sash the Four-Square blocks in your quilt.

Color Combo Eight	6 vertical strips	6 horizontal strips

Funky Sashed Four-Square

- The finished quilt uses a variety of horizontal and vertical sashing strips for each of 8) Color Combo Four-Square block units. Paying close attention to the color selections for the vertical Sashing for each Four-Square unit, cut $1\frac{1}{4}" \times 4\frac{1}{2}"$ sashing strips of the appropriate color fabric and using $\frac{1}{4}"$ seams stitch the Sashing strips to the Four-Square units to make Four-Square/Sashing rows. Press toward the Sashing strips. Figure 2.

Sew together 10) Four-Square/Sashing rows.

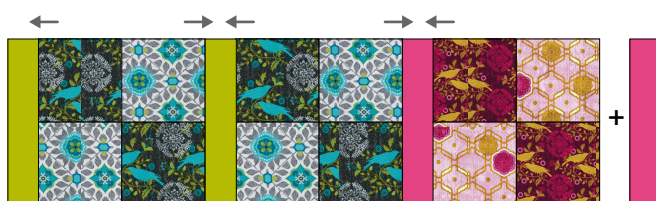

Figure 2

- Paying close attention to color selections for the horizontal Sashing for each row, sew 10) $1\frac{1}{4}" \times 4\frac{1}{2}"$ Sashing strips alternating with 9) $1\frac{1}{4}"$ square Cornerstones to make a Sashing/Cornerstone row. Figure 3.

Sew together 9) Sashing/Cornerstone rows as shown below.

Sashing/Cornerstone Rows

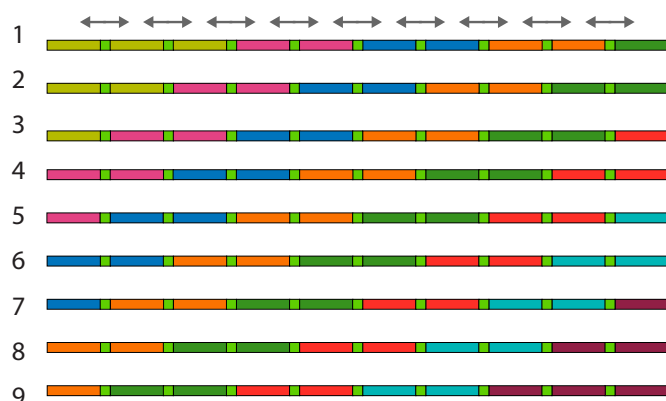

Figure 3

- Sew each of 10) Four-Square/Sashing rows together with coordinating Sashing/Cornerstone rows. Match Cornerstones with vertical Sashing strips as you sew row by row down the quilt. Press rows toward the Four-Square / Vertical Sashing strips. Figure 4.

Funky Sashed Four-Square

TIP: The Sashing Strips are 1 ¼" x 4 ½". Since these pieces are so small - try this. Cut the 2 ½" strips for sashing into 2 ½ x 4 ½" rectangles. Cut the Cornerstone squares into pieces 2 ½" x 1 ¼".

Sew a Sashing rectangle to each long side of the Cornerstone square to make a Strip Set. Press.

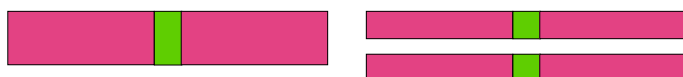

Figure 5

When cutting the 2 ½" Strip Set in half, be sure to measure from the points of the pinking edge.

Refer to quilt photo for placement of strips by color.

Border:

- Outer Border is a combination of 6 additional strips from the Ty Pennington Design Roll. Cut each strip to a 36" length - sewing the strips together as you go. Using ¼" seams, sew Outer Border to all four sides of the quilt. Press seams outward.
