Research Objective & Methodology

Quilting in America™ 2010 is the sixth in a series of studies done since 1994 with the intent of measuring the amount of time and money quilters spend on their hobby in addition to profiling the key segments of the market.

The study is conducted in two phases:

**Phase I**, administered by TNS Global, Inc., surveys 20,000 U.S. households to measure the incidence of participation and the dollar value of the quilting industry. This phase reported a 63% response rate in 2010.

**Phase II**, conducted by DP Research Solutions, surveys in-depth, 2,500 qualified “dedicated” quilters to learn more about them, their quilting habits and buying behaviors. This phase reported a 60% response rate in 2010.

**Quilting in America™ 2010 Detailed Report**

An extensive report providing detailed narrative, charts and data will be available in August 2010.

Presented by Quilters Newsletter, a Creative Crafts Group publication, in cooperation with International Quilt Market & Festival, divisions of Quilts, Inc.
Her Quilting “Stuff”...

- The majority (85%) have a room dedicated to sewing/quilting activities
- On average, she has $8,542 of quilting tools & supplies
- On average, she owns $3,677 worth of fabric

Sewing Machines
- They own an average of 2.7 sewing machines
- 25% own more than 4 machines
- In the past 12 months, 19% purchased a new machine spending $2,679 on the machine

Fabric
- In the past 12 months, each purchased an average of 93.6 yards of fabric at a cost of $927.10 ($9.90 average price per yard)
- Favorite Patterns: Small-scale florals (69%) Tone-on-tone neutrals (52%) Batiks (67%) Holiday prints (60%)
- Color Schemes most often purchased: Jewel Tones (56%) Bright colors (52%) Earth Tones (52%) Neutrals (49%) Pastels (42%)

Thread
- In the past 12 months, each spent an average of $144.10 on thread
- On average, she owns $517.80 worth of thread and has an average of 152.8 spools of thread in her collection ($3.40 average price per spool)
- Color Schemes most often purchased: Neutrals (75%) Earth Tones (48%) White (46%) Black (40%) Jewel Tones (33%)

Books
- Bought an average of 4.4 quilting books for last 12 months with an average price of $21.00 per book
- Favorite places to buy books: Quilt shops (50%) Fabric stores (30%) Online (29%) Mail Order (17%)

Magazines
- Subscribe to or read an average of 4.4 quilting magazines
- Spend an average of 5.1 hours reading quilting magazines each month
- Primary reasons offered for reading quilting magazines:
  - Learn new tips & techniques
  - Get quiltmaking inspiration
  - Learn about new products

Internet
- Majority (91%) own a personal computer
- 73% regularly access the Internet
- Average 2 hours per week on quilting websites
- 52% go online 2 or more times a day
- 69% visited quilting specific sites
- 28% belong to Facebook
- Primary reasons for visiting quilting websites:
  - Get free quilt patterns
  - Learn about quilting products
  - Shop for quilting supplies
  - Find block patterns
  - Search for fabrics

Key Findings 2010
- The estimated value of the quilting market in 2010 is $3.58 billion (up 9% since 2006)
- 16.38 million quilting households in the U.S. (down 14% from 2006)
- Total number of quilters in the U.S. is 21.3 million (down 23% from 2006)
- Average quilting household annual expenditure is up 27% to $219
- 6.2% of quilting households are considered “dedicated,” responsible for generating 69% of quilt industry spending ($2.48 billion)
